

Golden Egg Eventer Challenge
 SJ & XC
 19th April 2025

The format of the day: Your start time is your SJ start time. When you have completed your SJ round you will exit the arena at the other side & when you are ready to go XC present yourself to the XC Judge at the start box. The XC is entirely on grass and is all in one field visible from the start. XC is a shortened course of approximately 12 XC obstacles running at a speed of 350-375metres per minute, and should take just under 3 minutes to complete. The confirmed speed & optimum time will be published on the day.

Time Faults: Show Jumping - there will be a published time allowed. Exceeding this time will incur time faults, taking twice as long as the time allowed will incur elimination. XC - there will be a published optimum time. If you go slower than this time you will incur time faults. Going more than 15 seconds faster than the optimum time will incur time faults.

Scoring: The winner will be the combination with the least faults. In the event of a tie the winner will be determined by the closest to the optimum time in the XC Phase.
